We appreciate that you have taken the extra time to really inspect your items & properly tag them before bringing them to the sale. 3. Please review the What to Sell document (located on the website) prior to tagging to be aware of limits and what will be accepted at the sale.
4. At your Drop Off appointment, we will do a quick spot check. Mostly checking for out of season items and quantity limits. We will not do a full inspection UNLESS we see and/or pull 5 or more items, then we reserve the right to do a complete inspection.
5. If any item is not accepted during the spot check it will be placed in a bag with your name on it.
6. **If we pull 3 or more items from the sales floor due to quality, recall, etc. you will be charged a .25 per item quality control fee.**
7. Please continue to thoroughly inspect ALL the items you are choosing to consign. Our goal is to provide quality items at reasonable prices for our community!

Quality items + Happy shoppers = A big consignor check for YOU!
